

LIFE INSURANCE IN COMMONWEALTH

Thirty-Six Outside Companies
and Two of Louisville.

Important Tobacco Suit Is Filed in the
Trigg County Court to Enforce
Contract.

MAYFIELD MALITIA COMPANY.

Frankfort, Ky., August 11.—The thirty-sixth annual report of the state department of insurance, volume two, covering fidelity and casualty, life and assessment companies, has been completed under supervision of State Commissioner Henry R. Prewitt.

The Citizens' Life Insurance company of Louisville, Ky., was incorporated in November, 1904, and the Commonwealth Life Insurance company, also of Louisville, Ky., was incorporated in May, 1905.

At the beginning of the year 1905 there were 36 legal reserve life insurance companies of other states doing business in Kentucky.

The total admitted assets of these 36 life insurance companies amounted to \$2,530,450,772.75; liabilities to policyholders, \$2,364,055,463.24; surplus as to policyholders, \$119,394,247.47; income, \$591,033.695.72; disbursements, \$385,588.611.41; excess of income over disbursements, \$205,445,084.31; risks written, \$3,326,361,985; premiums received, \$461,394,483.92; losses and claims paid, \$160,185,657.58; risks in force at the end of the year, \$12,034,746,576; increase in risks in force, \$1,647,376,478.

These 36 companies of other states had in force in the state of Kentucky at the beginning of the year 437,096 policies, insuring \$226,849,031. They issued during the year 154,520 policies, insuring \$53,916,979. There ceased to be in force during the year 111,054 policies, insuring \$41,387,193, leaving in force December 31, 1905, 480,562 policies, insuring \$239,378,817. The premiums received by these companies in Kentucky amounted to \$7,908,871.04, and the losses and claims paid were \$2,982,119.85.

The Commonwealth Life Insurance company, which did business during the last seven months of the year, had in force at the end of the year \$1,307,000 of insurance on the ordinary plan and \$695,197 on the industrial plan.

The Citizens' Life, at the close of the year, had in force \$11,474,200, of which there was in force upon the lives of the citizens of Kentucky, \$7,140,290.

Company Mustered Out.

Mayfield, Ky., August 11.—The local military company has been mustered out by order of Adjutant General Laurence, following the resignation of Capt. J. H. Boswell and Lieutenant Lewis Robbins and Chester Byrn.

May Be Foul Play.

Hopkinsville, Ky., August 11.—George W. Palmer, aged 19 years, formerly of Lexington, was found unconscious this morning near the Louisville and Nashville railroad track. There was a great gash in his head, his face was cut and his body bruised. He is at the Hopkinsville sanitarium in a precarious condition. Palmer was a utility man at the Louisville and Nashville station, and last night was guarding stored freight on a new track near town. Two theories, one of foul play and the other that he fell from a car, are advanced.

Corn Salve Fatal.

Greenup, Ky., August 11.—John C. Davis, a prominent farmer of the west end of the county, met death in a peculiar manner. He used a "sure cure" corn salve on one of his toes and trimmed the corn with a razor, without first washing the salve off, causing blood poisoning, which resulted in death in three days, after intense suffering. He was about 72 years of age and a soldier in the Confederate army.

Rose Resigns From House.

Frankfort, Ky., August 11.—The resignation of the Hon. Richard S. Rose, of Whitley county, as a member of the lower house of the general assembly, was received at the state executive department today and accepted by Governor Beckham. In his letter resigning, Mr. Rose gives no reason but it is understood at the department that he is about to be elected police judge of Jellico. Mr. Rose was a Republican leader in the house of representatives at the last session.

Investigate Woman's Death.

Hopkinsville, Ky., August 11.—An inquest was held today by the coroner over the body of Mrs. Witt

Berry, who died Monday at her home in Sharpfield. Testimony was taken to the effect that early last week she gave birth to a child. Three days later, it was stated by witnesses, she had left her bed, and in a quarrel with her husband he struck her, it is alleged, in the stomach with his fist.

Trigg County Suit.

Another suit that is of much importance and interest not only to the citizens of Trigg county, but to everyone throughout the entire dark tobacco district, has been filed in the Trigg circuit court. It is the Dark Tobacco District Planters' Protective association of Kentucky, Tennessee and Virginia against George E. Ladd, E. L. Ladd and E. M. Flack and Frank Dabney, under the firm name of Flack & Dabney, defendants, and is for the sum of \$2,950. Last March George E. and E. L. Ladd sold their 1905 crop of tobacco, which they had previously pledged to the association, to Messrs. Flack and Dabney, at Hopkinsville, but the association authorities filed suit against them to enjoin them from delivering this tobacco to Flack and Dabney, but to force them to sell it through the association as they had previously agreed to do by joining the association.

OUTLAW MAYOR

Prominent Banker Arrested for Being Horse Thief.

Williston, N. D., August 11.—W. W. Denny, mayor of Williston, and a prominent banker, was today convicted on a charge of receiving stolen property. The case is a famous one and has been before the public for about a year. It was charged by the authorities of Valley county, Montana, that Denny was at the head of a band of horse and cattle "rustlers" and that he disposed of his booty surreptitiously acquired by the gang. Two attempts were made to extradite Denny and take him to Montana for trial, but failed. Finally he was brought to trial here on a charge of having received and disposed of horses stolen in Montana.

Notice to Contractors.

Bids will be received at the office of the city engineer, in the city of Paducah, Kentucky, up to 3 o'clock, August 25, 1906, for the construction of about seven (7) miles of combined sanitary and storm water sewers, in the city of Paducah, Kentucky.

Plans and specifications will be on file in the engineer's office, in the city of Paducah, Kentucky, after August 15, 1906. A certified check of \$1,000 must accompany each and every bid.

The city reserves the right to reject any and all bids.

D. A. YEISER, Mayor.
Paducah, Ky., August 4, 1906.

Japan Has Canned Meat Scandal.

Victoria, B. C., August 11.—The steamer Tosa, of the Japanese mail steamship line, arrived today from the Orient, being the second steamer of the line to come in charge of a Japanese commander. The Aiki, which is following, also has a Japanese in charge. The Toga Mami brought news of a Japan canned meat scandal at Hiroshima. It was found that cans labeled "boiled beef" contained horse flesh, which had been prepared in some ingenious manner and could only be identified by careful analysis.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after over-eating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by Lang Bros.

Beckham at Lexington.

Gov. Beckham has announced that he will formally open his senatorial campaign with a speech in Lexington on Wednesday evening, August 15. Subsequently he will announce other appointments.

Why does the sun burn? Why does a mosquito sting? Why do we feel unhappy in the Good Old Summer Time? Answer: we don't. We use De Witt's Witch Hazel Salve, and these little pills don't bother us. Learn to look for the name on the box to get the genuine. Sold by Lang Bros.

Oppose Sullivan.

Democrats of Morgan and Sangamon counties, Illinois, have endorsed W. J. Bryan for president, and demanded the removal of National Committeeman Roger C. Sullivan, of Illinois.

In this state it is not necessary to serve a five day's notice for eviction of a cold. Use the original laxative cough syrup, Kennedy's Laxative Honey and Tar. No opiates. Sold by Lang Bros.

Dr. James Weir Dead.

Dr. James Weir, Jr., physician and author, of Owensboro, died yesterday at Virginia Beach, Va.

LOCAL BUSINESS FOR RAILROADS

Unprecedented and is Constantly Increasing.

Public Improvements Underway and Building in Progress Calls for Material.

YARDS ARE BEING EXTENDED.

The Paducah Illinois Central yards are filled with cars and the business being done is unprecedented. It is 40 per cent greater than the business done the same period last year, and is due in a measure directly to the fact that so many improvements are going on in Paducah.

"There is cement, pitch and various other materials to haul for the Paducah street improvements alone," a yard official stated today. "The general improvement going on in the city has swelled the business for the road here to a great extent. Of course, there is a natural increase in business on the Paducah district because of the Nashville division being recently created and this brings more business through. But as to Paducah proper, the railroad business is flourishing, and this necessitated improvements now being made in the local yards to facilitate the handling of cars."

More Big Engines.

Because of the fast increasing business on the Louisville division of the Illinois Central and the economy in the use of the biggest class of freight engines the higher officials at Chicago have sent another consignment of 800 class engines to Paducah, and when the yard reach here the Paducah district will be equipped with 37 of the biggest class freight engines on the system.

During the past two days six 800 class freighters have arrived, and there are six more to come. This will swell the total number to 37. The engines have given perfect satisfaction since used on this district, and this fact is borne out in the operations of the "dynko-meter" car, which has been working nearly one month on the division testing the pulling powers of the big engines and acquainting the engine men with the characteristics of the road bed in the use of the big machines.

The Dyno-meter Car.

Mr. E. I. Wenger, who is in charge of the dyno-meter car, has finished his work here and will leave in a day or two for his home in Campaign, Ill., to file his report. He is not a railroad employee, but a college student, and was sent out of the University of Illinois for the purpose of completing his course in railroad engineering. This is a special branch of the university teaches, and in order to complete the course, the students are taken through the entire operation of the road, from start to finish.

"The instruments on the car belong to the college," Mr. Wenger stated, "but the car is owned by the Illinois Central and was fitted out for our use. The road is benefited by the operation of our car because it gets the true grades and other information relative to the conditions of its road bed and the pulling powers of its engines. I have gone with the cars two trips to Louisville from Paducah, but have not made out a report. The division is one of grades, particularly between Paducah and Central City, and trains cannot pull the same tonnage over this district that it can over the Louisville district. We came in the other morning from Princeton with 51 loads and this is quite a big train."

Mr. Wenger further stated that he found engineers on this district the best he had ever come in contact with. They seem to understand every point and take advantage of the least things in order to perfect the movement of the trains. There is more real competition among the engineers on this division than any other on the system.

The dyno-meter car is being cleaned up today and will be sent back to Campaign, Ill., tonight or tomorrow.

—The fourth series of the Mechanics Building and Loan Ass'n is now open. This is a sure ten per cent investment, where carried through to maturity, and pays six per cent on withdrawals. We also have money to lend. See F. M. Fisher or E. G. Boone.

—Our planes are known; so are we. Ask your neighbor about them; some have used them over thirty years; they are guaranteed from seven years to indefinite time. D. H. Baldwin & company, 520 Broadway.

—We ship pianos and organs direct from factory of our own makes and saves you commission. D. H. Baldwin & company, 520 Broadway.

DRINK BELVEDERE

The Paducah Beer

AND PROMOTE A HOME INDUSTRY

Every time you order or call for BELVEDERE BEER you are furthering a home industry. The Paducah Brewery Company employs only HOME LABOR, and adds to the pay rolls of Paducah, so every cent you spend for BELVEDERE remains at home. We don't solicit your business on that score alone, however. BELVEDERE is not excelled by any beer on the market. In truth, we believe it surpasses any in purity, taste and health giving qualities. Drink BELVEDERE, the Paducah beer, the next time. In fact

ALL THE TIME
Drink Belvedere
